

“My Bike”

“My Stroller”

“My Voice”

Program Application

Revised 6/5/2018

WHAT PROGRAMS ARE AVAILABLE?

Variety—the Children’s Charity provides children with disabilities unique programs, experiences, and equipment, so they may live life to the fullest and not be left out, left behind, or excluded.

Variety offers three adaptive equipment programs for eligible children:

- 1) **Variety’s “My Bike” Program**, which currently provides Rifton adaptive bikes (with Rifton accessories) to children with disabilities, so they can experience the joy, freedom, and belonging that’s created through riding a bike.
- 2) **Variety’s “My Stroller” Program**, which currently provides a Kid Kart® Mighty Lite adaptive stroller to eligible kids with disabilities for mobility and/or safety in the community.

Typically, a family must choose between having a wheelchair or adaptive stroller. So, as a wheelchair is more necessary, an adaptive stroller allows for easier “on-the-go” mobility and participation in daily activities and throughout the community. With an adaptive stroller, kids are no longer isolated and it has an immediate impact on their lives. For others (not necessarily with mobility challenges), a child might need an adaptive stroller to stay safe while out in the community.

- 3) **Variety’s “My Voice” Program** provides a communication device (currently a restricted iPad with a prescribed communication app) to eligible children with a communication disorder to give them a voice at all times – enabling kids to express their thoughts, feelings, wants, and needs.

This device is designed specifically for communication, so many features are disabled / restricted to fully focus it on a child’s communication and their prescribed communication app —making it their voice.

Families should use this application to apply for any and all of Variety’s programs, and give our office a call if any assistance is needed (724-933-0460). **You can also complete the application online at www.varietypittsburgh.org/applynow**

SOME THINGS TO KNOW:

- You are welcome to apply for more than one of Variety’s programs. At Variety, we feel that if your child is eligible and can benefit from one, two, or all three programs, then we want you to apply.
- Variety has a three-year policy for mobility equipment, in which eligible children can reapply for a new adaptive bike or adaptive stroller after three years of receiving the original equipment.
- If any adaptive equipment that Variety provided is no longer being used, or if your child has outgrown the equipment, then it can be returned to Variety by calling our office (724-933-0460).

The LMJ should be printed on letterhead, signed, and dated.

Some essential elements required in the LMJ, include:

7) BIKE FITTING / EVALUATION:

For “My Bike” Program Only, Fitting/Evaluation Details:

As part of Variety’s “My Bike” Program application process, it is required that every child be individually fitted/evaluated on a Rifton adaptive bike. This fitting/evaluation can either be completed by the child’s current licensed Physical Therapist, Occupational Therapist, or Personal Care Physician.

A “My Bike” Program fitting form can be obtained from our website at www.varietypittsburgh.org/my-bike/apply or by calling the Variety office at 724-933-0460.

Children should not be fit for a bike until their application is been approved by Variety.

Otherwise, the child must attend a scheduled “My Bike” regional fitting/evaluation with Variety.

Fitting / Evaluation Requirements:

- The parent/legal guardian must be present with the child at the fitting/evaluation and have the ability to assist the child on and off of the Rifton adaptive bike. Verbal support will be provided to you in this process.
- For safety purposes, it is required that all children bring a bike helmet to wear while riding the bike and wear closed toe shoes. If a child is living with a sensory issue and is unable to wear a helmet, they may not be eligible for the equipment.
- The parent/legal guardian is asked to please wear comfortable shoes to the fitting/evaluation (i.e. tennis shoes) in order to keep up with the child while on the equipment.
- The parent/legal guardian must be able to accompany the child while he/she is riding the Rifton adaptive bike to ensure safety.

There are four important things to learn about during a fitting/evaluation:

1. The stationary brake;
2. The lap belt;
3. The pedal foot straps; and
4. Speed control and safety.

Variety wants you to understand the importance of child safety on the bike, therefore it is important to know that aside from the hand brake, you are your child’s means of breaking from behind the bike. The parent/legal guardian should always be within close proximity while the bike is in use.

Variety—the Children’s Charity supports the American Academy of Pediatrics position that children must be provided with helmets (approved by the Consumer Product Safety Commission [CPSC]) and taught to wear them properly on every ride, starting when they get their first bike or tricycle. Please note that Variety does not provide helmets for the child.
