

California Area School District

Plan D (G)

On the chart below, you'll see what your plan pays for specific services. You may be responsible for a facility fee, clinic charge or similar fee or charge (in addition to any professional fees) if your office visit or service is provided at a location that qualifies as a hospital department or a satellite building of a hospital..

- (1) Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.
- (2) Coverage for eligible members to age 21. Services will be paid according to the benefit category (e.g. speech therapy). Treatment for autism spectrum disorders does not reduce visit/day limits. If ASD benefit period dollar maximum applies, only non-essential health benefits will accumulate.
- (3) Services are limited to those listed on the Highmark Preventive Schedule. Gender, age and frequency limits may apply.
- (4) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (5) Highmark Healthcare Management Services(HMS) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Some facility providers will contact HMS and obtain precertification of the inpatient admission on your behalf. Be sure to verify that your provider is contacting HMS for precertification. If not, you are responsible for contacting HMS. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate you will be responsible for payment of any costs not covered.
- (6) You are responsible for the payment differential when a generic drug is authorized by your doctor and you elect to purchase a brand name drug. Your payment is the price difference between the brand name drug and generic drug in addition to the brand name drug copayment or coinsurance amounts, which may apply.

Network services for outpatient occupational therapy, physical medicine and spinal manipulations will require authorization after 8 visits per benefit period. Your network provider will submit the request for authorization if additional visits are needed to continue your treatment plan but not to exceed your health care program visit limit. If an authorization is not obtained as required, you would not be financially liable unless you chose to receive the service after being informed that it would not be covered or if you signed a waiver of pre-service denial form supplied by your provider.
